

## PRESS RELEASE

Casablanca, december 25<sup>th</sup>, 2025

# CMGP GROUP ANNOUNCES SUBMISSION OF AN OFFER TO ACQUIRE A 70% STAKE IN SODIPIRE, A DISTRIBUTOR OF TRACTORS AND AGRICULTURAL EQUIPMENT

CMGP Group has submitted a non-binding letter of intent to the majority shareholder of SODIPIRE, regarding the proposed acquisition of a controlling 70% equity stake in the company. This disclosure is made in accordance with Article 15 of Law No. 44-12 relating to public offerings and Article 2.19 of AMMC Circular No. 03/19 governing financial transactions and disclosures.

In compliance with applicable regulatory requirements, the contemplated transaction has been formally notified to the Competition Council. The completion of the transaction remains subject to customary conditions, including regulatory approvals and the finalization of definitive agreements.

The proposed acquisition is fully aligned with CMGP Group's strategic expansion in agricultural machinery, further strengthening its integrated offering to agricultural professionals. It complements the Group's recent initiatives in this segment, notably the launch of its first proprietary range of seed drills in 2024.

This transaction would further diversify CMGP Group's activities and reinforce its one-stop-shop positioning across agricultural inputs, equipment, and solutions, supporting the Group's long-term growth strategy.

### **ABOUT CMGP GROUP**

A historical leader in agri-equipment and agri-inputs in Morocco, CMGP Group has been supporting the transformation and modernization of the agricultural sector for over 30 years. Present throughout Morocco and expanding across Sub-Saharan Africa, CMGP Group is known for its recognized expertise and strong proximity to its customers. The Group offers a comprehensive portfolio covering irrigation, solar energy, plant nutrition and crop protection solutions, positioning it as a trusted partner for the development of modern and sustainable agriculture.

### **ABOUT SODIPIRE SARL**

Founded in 2013 and headquartered in Berrechid, SODIPIRE SARL specializes in the import and distribution of tractors and agricultural equipment. The company generates annual revenue of approximately MAD 50 million and holds several exclusive distribution agreements with leading international brands, including Hattat, Case IH, and Antonio Carraro.
